Central Park

dir. by Frederick Wiseman

"Central Park" is a film about the famous New York City landmark and the variety of ways in which people make use of it: running, boating, walking, skating, music, theatre, sports, picnics, parades and concerts. The film also illustrates the complex problems the New York City Parks Department deals with in order to maintain and preserve the park and keep it open and accessible to the public.

1 DVD vidéo (176 min.) Cote: DO WIS1989-2
